Hello Dixie Folks

We're taking a "breather" in between Buick trips. We have just returned from the BDE Spring Tour near Kanas City. The weather was fantastic for the four days of touring, but since then weather has been anything but beautiful in that part of the country. As soon as we get a car cleaned up and repack the suitcases it will be off to Midwest City, Oklahoma for the BCA National meet, or as many of us like to refer to it, "The Buick family reunion". We haven't missed one of these events since we joined the BCA in 1973, and Good Lord willing, we will be able to continue for a few more years. Next year it's in Cleveland, Ohio and in 2021 the meet will be back in Charlotte (Concord), N.C. At the conclusion of this year's event Shar and I will be leading the 25th annual "After Tour", a 5 day tour with 23 Buicks along parts of Rt. 66 and the Southern Ozarks , concluding in Paragould, Arkansas. The fun, fellowship and friends we have enjoyed for the 46 years of our "**involvement**" in the BCA, 39 years in the Dixie Chapter and 25 years in the Buick Driving Enthusiasts Division can't be described. I emphasize "**involvement**", because the more involved we are in any organization, the more we can enjoy the benefits. Besides the fun and fellowship from the social and touring events, there is the "technical assistance" and the "where to get things done" or purchase parts aspect of membership. The Buick Club of America, and all its chapters and divisions are far more than just "a guy thing", we are a family organization. Our National meets offer activities and bus tours to places of interest, and not just "car stuff". The BDE tours are always to interesting and fun venues and occasionally to "car related" places. As a member of the BCA you may attend one BDE tour without joining. Since the BDE Fall tour is based in Cartersville, Ga. Sept. 8-12th you will have a great opportunity to take "take a look at" the BDE first hand. The registration form and daily tour description is included with this issue of the "DVC". We do hope you will consider signing up for this event. BTW, there will be no chapter meeting in June due to the BCA National and we voted to not have a July meeting. The next meeting will be Aug.11th. Location TBA.....Go (tour in a) Buick.

God Bless.....Bruce (a/k/a "Ole 3013")

Hi Folks,

Summer travel season is here. As you receive this newsletter, a number of Dixie Chapter folks are getting ready to embark on a trip down The Mother Road, historic Route 66, to the Buick Club of America annual meet. Safe travels folks and we all look forward to a great report and lots of pictures. The months of June and July are quiet months for the rest of us. There are no organized local events for June or July, but we will soon have news of upcoming meetings and the annual chapter picnic.

As for me, well I paid one of my famous “stupid taxes” after I damaged a fender on my Electra while making room in the garage for another Buick. I moved the car to what I thought was out of harm’s way, but still managed to have a chair fall against the car. As you are reading this, all has been set right.

As summer approaches, I am planning more road trips for Tammy and me. My native Cape Cod is a possible destination, as well as a few weekend runs to the coast, and the BDE tour this September. It will be our first BDE experience, and we are looking forward to it. Look for information on this tour in this issue

Happy Buicking!

June Outing

There are no official June activities planned for the Dixie Chapter, but we received this invitation from the Dixie Olds Club to attend an event at a local assisted living facility. If you would like to participate, please use the contact information below.

We have been invited to participate in a special Father's Day event on Saturday, June 15 for the 70 or more residents at The Georgian Lakeside, an Assisted Living and Memory Care Community located in Roswell, Georgia.

Melanie Saglimbene would like to host classic cars of all makes and models at their facility and invites you to "show" your cars to the residents and their families. The event will run from 11:30 am until 1:30 pm in the facility parking lot and will allow residents to visit the car show before, during, and after their midday meal. Ideally, Melanie would like to have 10-15 cars so if you're available and would like to participate in this event that is sure to bring smiles and many fond memories, please call Melanie Saglimbene directly at 678-367-4744 or email her at melanie.saglimbene@georgianlakeside.com. (Additionally, I've listed the location of this facility below.) If you live nearby or will be in this area on this day during this time, please bring your classic car and join Melanie for this wonderful event that will definitely be fun for everyone involved.

Car of the Month

Drive your Buick to chapter events and it may be featured in the Valve Chatter as a Car of the Month.

"People could not believe their eyes"

writes Seattle couple, who Dynaflored this mammoth 4-ton trailer over 3,000 rugged miles to Alaska — behind the family Buick

PICTURED above is the largest trailer ever to travel the Alcan Highway. Yet look what's pulling it — a Buick SPECIAL with Dynaflow Drive.*

Small wonder "people could not believe their eyes." No wonder customs inspectors were skeptical that any stock car with a load like that — 35 feet long and 8,800 pounds heavy — could make it.

The 3,000-mile route from Seattle to Fairbanks, Alaska, is rough and rugged. Its mud, slush, ice, snow and steep mountain grades are frequently too much for passenger cars — even without trailers in tow.

But Mr. and Mrs. James Post of Seattle were

confident that in their new Buick with Dynaflow they had a power team able to best the worst — record-size trailer and all!

"Would have been impossible without Dynaflow"

In excerpt from their letter reads, "We hit 80 miles of the sticky mud we had heard so much about. It was rough — but at least if we had to stop, we felt certain of getting started again. We had endless inquiries on how the car managed to pull the trailer. People could not believe their eyes."

Later, their narrative states, "We were told we could not pull the trailer over Mile 595. Trucks had had trouble getting over that one. Starting up that grade, we stopped breathing. The speedometer hardly registered, but we got over the top . . . and everyone was speechless. . . . If it had not been for Dynaflow Drive, our trip would have been impossible with such a large trailer."

Of course, you may never be Alaska bound — or ever tow a trailer, even over the best of highways.

But the Posts' 3,000-mile run is pretty good proof of Dynaflow's staying power and pulling power in any driving you may do.

Add this to the smoothness and ease you enjoy from every Dynaflow mile, and you can see why it's a "must" on a modern car.

All of which makes it mighty important to see your Buick dealer pronto and let him give you all the other reasons why "better buy Buick" is sound advice.
