## **Hello Dixie Chapter Folks**

**I remember my "up north" life (over 40 years ago) and how Labor Day marked the end of Summer, and how sometimes it literally did end. In my day, school didn't start until after that date either, remember? For those of us in the old car hobby, it usually meant making plans to "put um up for the winter" (which sometimes began in late October. Yuck!) Fortunately for those of us in this part of the country we don't have to even think about putting them "up for the winter", particularly as early as October or November.**

**Well when the S.E. Region was formed back in 1990, representatives of the (then) four chapters, voted unanimously to hold our Regional Meets in the fall of the year, preferably Octpber or (early) November, to take advantage of the nice weather we typically have. It was also decided to make the Regional Meets a "touring event". The thinking was that by this time of the year, most of us are somewhat "car showed out" and really just want to tour with our Buick friends and enjoy some scenery while socializing with other Buick folks. Thus was born the S.E. Regional Meets in 1991. With our Region now consisting of (6) chapters we have a procedure of alternating the hosting of this event each year.**

**As you know, the Tar Heel Chapter is hosting this year in Atlantic Beach, N.C. Currently we have (only) 8 cars from Georgia signed up. With the deadline for registration coming up on Sept 15th, we just want to encourage you to "sign up" and join us as we caravan to N.C. or, if you prefer, meet us there. In either case, we just want to make sure you are fully aware of this really fun event & of the deadline fast approaching.**

**By the way, if you have any questions about, "What goes on"?, "Where do we go"? "Can I ride with someone else if my Buick isn't running"? Or any other questions, please call me. For those interested, the caravan will plan to leave on Tues. Oct 15th. We'll have more specifics in next month's "DVC".**

**The next big event closer to home will be our annual Chapter Picnic on Sept. 22nd at the home of Ernie & Susie Grant in Conyers. This is always a fun event. The food is always fantastic, the fellowship is great. and looking at Buicks is always a highlight. Details and directions will be elsewhere in this issue. We sure hope to see everyone there. ....Peace, God Bless & Enjoy the "rest of the summer",**

### Sonomatic Sounds, an Editorial by Tom Lynde

Hi Folks,

I hope this finds everyone well. As I am writing this the month of August is coming to a close and I am busy getting ready to host my church's annual car show. Goody bags are packed, door prizes are being donated, and registrations are beginning to filter in. The show is the day before the chapter picnic, September 21st, so if you feel like spending a little more time on the southside of town, we would love to see you. There is a flyer in the Timing Chain.

Please remember to rsvp for the chapter picnic at the home of Ernie and Susie Grant on September 22nd. It is always a great time with plenty of good food and good fellowship. The Grant's neighbors always seem to enjoy the gathering of Buicks, too.

With the picnic coming later this month, there will be no official chapter meeting in September. The next meeting will be held at the Peachtree Buffet on Holcomb Bridge Road in Roswell in October. Please make plans to attend.

Autumn is on the way, and there is still plenty of great Buick driving weather ahead. Dust that Buick off and come to your chapter's events

Happy Buicking!

Tom

## MEMBER NEWS

Editor's note. Dixie Chapter member **Ken Green** recently attended an antique car show in his native Vermont and he provided the **DVC** with this report and these photos. Thank you Ken!

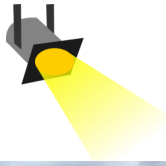

### Not Just Any Auto Show

As a stumbling youth but with a serious case of antique car interest, I was introduced to a vintage auto club in my home state that exposed me to the joys of vintage auto gatherings and really old people like my thirty-year old mentor, Clark Wright. I had just reconnected with Clark a couple years ago after having not seen him in nearly 40 years. What a joy to connect and catch up on the weekend of August 10<sup>th</sup>, when I attended the 62<sup>nd</sup> annual antique and classic car meet in Waterbury, Vermont. The Vermont Automobile Enthusiast (VAE) club is a very active club that plans and executes this show containing over 400 cars, a parade, flea market and other social events.

In the time since last meeting Clark, cars that had not yet been manufactured were now deemed antique; it was high time we caught up! I had long since disposed of my high school era restoration project, that being a 1940 Buick. Clark had also thinned his collection including a 1956 Chrysler 300C and '37 Buick Century. I have since replaced my project with another '40 Buick and Clark had an '84 non-Buick and a collection of outboard motors from the 20's, small farm implements and stationary engines used for portable power on farms, saw mills, grain handling facilities or anywhere else remote power was needed in the teens and 20's.

The auto show was a resounding success with great weather including cool temperatures, a friendly atmosphere of dedicated enthusiasts, food trucks serving regional favorites like creamies and poutine along with standard county fair-like cuisine, and of course unique and special interest cars. Among the special interest cars were a 1910 Sears, 1912 Detroit Electric, '34 Pierce Arrow, '29 Buick model 54CF, Reo's, Durant's, Studebakers, Citroen, Saab, Packard, Hudson, Marmon, Maxwell, a collection of military vehicles including Ford and Willys jeeps, vintage fire trucks, farm tractors, and 40's to 50's era track cars. Several Buicks were on display including extremely good examples of restored cars and survivors.

## MEMBER NEWS

The owner of the Sears car has fabricated a crate to simulate the method that Sears would have used to ship the ordered car to the nearest rail station of the customer. In the past he has demonstrated the uncrating and assembly of the car at the show. He allowed hands-on participation to crank start the car to the delight of several crowd participants. The owner of a 1950 Dodge Power Wagon encouraged kids to sit in his rig to play with buttons, crank out the windshield and in some cases start the engine.

Most of the cars were driven to the event. Many of the owners promoted hands on engagement with kids. Self-restorers were more than willing to share stories of their work. By the end of the weekend, I saw the same patience and encouragement that Clark showed to me in the days of my budding interest. It appears that today's new participants in this hobby can enjoy the same camaraderie. Finally, and to help vernacular, a creamie exactly resembles what y'all would call soft serve. Poutine is the trivia question for the next Dixie Chapter meeting and county fair cuisine is the reason that Alka-Seltzer was invented.

**NOTE:** If you know of members winning awards or touring to interesting places, or have an idea for an article of interest to our members, please let **Tom Lynde** know at least two weeks before the end of the month to ensure inclusion in the next ***Dixie Valve Chatter***.

# OCTOBER MEETING

There will be no September meeting, as we will be gathering for the annual chapter picnic. The next regular meeting of the Dixie Chapter B.C.A will be held, October 11th at the **Peachtree Buffet and Grill, 915 Holcomb Bridge Road in Roswell**. We will gather to eat at 1:00pm and will hold the meeting shortly thereafter. The restaurant is located next door to the Olive Garden in Roswell, where we have held several meetings. Please remember to wear your name tag and drive your Buick as there is plenty of room to park together. 770-910-7877.

### Do you have a Buick or "Car Stuff" for sale?

All Dixie Chapter members can advertise for sale cars and car related stuff for up to six months, longer if requested. In addition, non members can advertise cars and parts for up to three months, space permitting. This is a courtesy to the sellers and a service to our members.

## Do you need replacement wheels or hubcaps?

Bianca at [Hubcaps.com](http://Hubcaps.com) & [OriginalWheels.com](http://OriginalWheels.com) offers Car Club Members a discount on the Factory Hubcaps & Wheels that they show on their websites. They currently have over one million hubcaps & rims in inventory so they may have what you need. You would need to call them at 800-826-5880 for the discount as they do not have the ability to discount online orders. Just tell them that you are from the Dixie Chapter of the Buick Club.

## Buick Parts Available

### Editor's note

**I received this ad from the son of a Dixie Chapter member and I felt it best to publish it as it was received.**

I'm Jack Huffman, John Huffman's son (and fellow Buick enthusiast!) – I have his '48 Super. I know my dad is still a member of the Dixie Chapter and I pulled your contact info from the Dixie Valve Chatter email. Dad has had some health issues this year and spent the summer in a nursing rehab center but thankfully, he has improved significantly and is going to be heading home soon.

I live in Seattle and I was just in NC visiting with him the last few days and he reminded me that he has a storage unit in Pendleton, SC with a number of parts in it. We both think it would be a shame for the parts to be scrapped, especially given how difficult some parts are to find.

He has '37 and '38 fenders, valve lifters, and probably a straight 8 block. I seem to remember that he put one in though he wasn't 100% certain. There are also some random '40 parts but none of us are completely certain as it has probably been close to 15 years since anyone was in the unit.

Would anyone in the club be interested in these parts? We don't want any money for them, we just want to find a good home where they will be used.

Let me know and if so, I can help work out the logistics. Thanks.
