**Hello Dixie Chapter Folks**

It's safe to say that the next BIG event for our club is the "Peach Blossom" B.O.P.C. show, coming up May 15-16. Even though we are not the host this year, it is still a "big deal" for a number of reasons. As the co-founding club of this event back in 1980 we take a lot of pride in the fact that it has continued for 40 years. During those years it always seems to bring the owners (and prospective owners) of the four marquees together while attracting new members for our respective clubs. Of course it usually results in some "financial revenue" for the host club which is necessary to fund club activities and to make donations to the preferred charities of each of our four clubs. This is why we need to support this event by registering our cars and/or swap spaces. Personally, I always look forward to meeting "old faces" and making new friends at this event. And Even though I may not be needing (or searching for) any particular part, I can usually find something that "I just can't live without" in the swap meet. As for the car show itself, well we always have a nice variety of cars, from "un-restored originals" to "concours quality" and everything in between can usually be found here. As you know, this year's host is the S.E. GTO Assoc. They are requesting that we register ASAP so that they might be able to have a better head count and also to provide some much needed operating expense in advance of the show. The registration form is included with this issue of the "DVC". If you have any questions about the classes (like which one suits your car) or need any "guidance" on registering please don't hesitate to reach out to me personally or the S.E. GTO association register chairperson (listed on the reg form). One final thing, please consider registering and attending the BCA National Meet in Strongsville, Ohio, July 15th-19th. Details and registration are in your Buick Bugle. Shar and I haven't missed one since we joined the B.C.A. in 1973.

Peace, God Bless & "Go (tour in a) Buick"  
 "Ole 3013" Bruce

## Sonomatic Sounds, an Editorial

**Tom Lynde**

Hi Folks,

Miss Daisy, my redbone hound and I recently enjoyed an unseasonably warm February day and dusted off the Electra for a little cruise around town. It was a preview of good things to come. Recent rains have put a damper on our cruising activity, but the pretty weather will be consistently back with us before long.

The recent Bowl-arama was a wonderful event and afforded Dixie Chapter folks a chance to mix and mingle a bit. Our regular chapter meetings will resume in March, so please make plans to come on out to the Roswell Olive Garden on the 15th and enjoy a good meal and fun time of fellowship.

Remember that if you have a favorite repair, upholstery, or body and paint shop, you can share the contact information here in the DVC. Just drop me an email with your review and it will be published for all to see.

Have you registered for the BOPC yet? I have signed up to bring two cars and am now trying to work out the logistics of being one driver with two Buicks. There is still time for me to work this out.

Anyway, let us welcome the month of March and the beginning of cruise and show season. Let's get the cobwebs off those pretty tri-shields and enjoy some late winter early spring activity. See you at the March 15th chapter meeting!

Happy Buicking!

Tom

## CAR QUIZ ANSWER

The Buick M-18 Hellcat Tank Killer went into service in October 1944 and served with distinction through the duration of WWII. It was also used in the Korean War. It was the fastest U.S. tank on the road.

The speed was attained by keeping armor to a minimum, using the innovative Torqmatic automatic transmission, and by equipping the relatively light vehicle with the same main gun used on the much larger Sherman tank.

## Club Sales

The club "store" is now open for business at all business meetings. Some of the items available are cloth BCA jacket patches, static cling BCA window decals, keepsake ornaments (featuring various *Buick* models), and *Buick* playing cards.
